Welcome from 7th to 14th October 2018

### Organizational Constellations from Life for the Community

IOCTI is a comprehensive training that provides **innovative systemic tools for consultancy, managing change and other development processes** in companies, institutions, teams and with individuals. It is also a unique opportunity to connect with other organisational constellators from all over the world and have a rich and profound exchange of knowledge, experiences and approaches. Jan Jacob Stam, the founder of the Bert Hellinger of the Netherlands, launched IOCTI in 2004.
